To: The Honourable the Speaker and Members of the Legislative Assembly of Queensland

The Petition of Electors of the Division of Pumicestone draws the attention of the House to the Bribie Island Bridge and the bridge's limited capability to accommodate the steep increase in the population and visitor traffic to Bribie Island. Also with the increasing number of local and state development approvals, infrastructure has not keep pace with the demands of the Pumicestone Electorate.

Your Petitioners therefore request the House to immediately commence the process of the feasibility, design, and construction of a new Bribie Island Bridge to accommodate the pedestrian and vehicular traffic to Bribie Island. The Federal Government has made $20mil available to assist with the cost of upgrading Bribie Island Road and we request this funding be used towards this project.

If you and your friends wish to sign this petition,cut it out, complete and post to The LOCAL News, Island and surrounds, PO Box 1019, Bongaree QLD 4507.

Alternatively the completed form can be scanned and emailed as a pdf or image file to belinda@islandandsurrounds.com.au
